

Historical Records Report

Classification: Internal Archive

Revision: 1.8

Author: Archive Department

Historical Documentation Review

This report summarises findings from the historical documentation review performed during the archive organisation project.

Reviewed Categories

- Employee records.
- Organisation documents.
- Financial documentation.
- Contracts.
- Meeting records.

Key Findings

Finding	Impact	Action
Duplicate records	Medium	Compare versions
Missing references	High	Search archive
Outdated structures	Medium	Preserve history
Unknown ownership	High	Management review

The review identified multiple cases where current documentation does not fully explain previous organisational decisions.

The recommendation is to preserve all historical records until a complete audit has been performed.
